School District Report.

Superintendent's Report.

To the School Board of Hill:

As an emergency economy measure, the pupils of the 8th grade were kept in the Village school this year. This has necessitated four grades in the Grammar room, which means dividing the recitation periods for each class into not more than 20 minutes each. It must be obvious that those pupils intending to enter high school are handicapped in comparison with others who have had throughout the year 45 minute recitation periods.

At the present time I feel that while all is being done for these pupils that can be done they will not be as well prepared for ninth grade work next September as they should be.

I strongly recommend for your consideration that, as soon as possible, Hill return to its former plan of sending its pupils to Franklin for their eighth grade work.
